

Lyrics:

Back to the Original

In the beginning You shaped us
with care

Born from Your heart held in
Your stare

Beautiful chosen deeply known

Made to be loved never alone

You gave us freedom a will to
decide

A holy longing burning inside

We were created to live in Your
truth

Drawn by the love that first made
us You

Then came the world with its
weight and its lies

Twisting the truth before our
eyes

Wounded and weary shaped by
the fall

Born into struggle carrying scars

But this is not where the story
will end

This is not all that You had
planned

But then came Jesus for you for
me

He gave His life and set us free

We died with Him rose up again

The old is gone new life begins

Now Your Spirit is shaping us
once more

Leading us back to what we were
before

Back to the original held in the
Fathers love

Your Spirit speaks with the
Fathers voice

Calling our hearts inviting a
choice

Truth cuts through every shadow
and lie

Revealing who we are in Your
light

No longer slaves to fear or
shame

We are Your children called by
name

Day by day You are forming our
hearts

Leading us home where we
belong

Our hearts grow soft our vision
is clear

Your holy fire is burning here

You call us out of death and time

Choose life this moment is yours
decide

But then came Jesus for you for
me

He calls us out into the light we
need

We died with Him rose up again

Heaven never lost its claim

Now Your Spirit is shaping us
once more

Leading us back to what we were
before

Back to the original held in the
Fathers love

Choose life hear the call

Lay your masks and lay them
down

Come to the light come back
home

You are not meant to walk alone

You were made for more than
pain

More than chains more than
shame

You were made for freedom truth
eternity

Jesus lives and we live too

New hearts new minds made
brand new

The original life is shining bright

All of heaven sings tonight

Now Your Spirit is shaping us
once more

Back to the place where love
restores

Back to the original where love
makes us whole

Decide today

Come back home

To the original

To love

To Him
